# Head to Head
## Let's Go!

# Scorekeeper Job Description

## Scorekeeper: *("Head to Head LIVE" maybe scored by a separate scorekeeper)

- Maintain the Master Score Sheet as scores come in.
- The high score for each event for each school will be added to the cumulative team total.
- **Move to the stage area before the start of the "Head to Head LIVE" competition.**
- **Each school will maintain a separate "Head to Head LIVE" Score Sheet and should frequently compare sheets to insure agreement on points awarded and deducted.**
  - ◊ **Calculate the score for the Moderator to announce at half-time.**
  - ◊ **Calculate the score at the end of the second half, but only inform the moderator which school is ahead and which school is behind (*not the actual score*). The visiting school will receive the first lightning round. Moderator will *not* announce the score between the lightning rounds.**
  - ◊ **Calculate the score of "Head to Head LIVE" quickly at the end of the second lightning round and provide the final score to the moderator to announce.**
- Understand the time limits for performance events and the scoring penalties for violations of minimum and maximum time limits and for acts that cause a delay. Note these instances in the score results forms and the Master Score Sheet where needed.
- As Judge's Evaluation forms are received, fill out the Performance Event Results forms. Home may calculate visitor scores and vice versa. (A Written Scorer will complete the Art Results forms.)
- Calculate the average of the three scores for each artist/performer, and record the highest average score and student's name for each event on the Master Score Sheet. (averages ending in .33, round down - averages ending in .66, round up - decimals may be used to break ties)
- Stay in communication with the timekeeper for information regarding violations of time limits for each event - apply any necessary deductions to *act's* average score - NOT the team score.
- Pass score results forms to the Emcee for announcements between performance events.
- In the event of a tie for a top score, both names will be announced, and 1 score added to team point total.
- When an act has no competition, add 20% of the earned score to the team total.

# Thanks for helping!
